## DETAILED ACTION

### *Election/Restrictions*

1. Applicant's election without traverse of Group I (claims 1-21) in Paper No. 5 is acknowledged.
2. Claims 22-25 have been withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 5.

### *New Election/Restrictions*

3. Claim 1 is generic to a plurality of disclosed patentably distinct species comprising:
  - (a) an ultraviolet absorbent polymer having at least one of repeating units represented by formulae (1) and (2) and repeating units represented by formulae (3), (4), and (5);
  - (b) an ultraviolet absorbent polymer which is a copolymer of a repeating unit represented by formula (6), (7), or (19) with a monomer unit derived from another ethylenically unsaturated monomer;
  - (c) an ultraviolet absorbent polymer which is a copolymer of a monomer represented by formula (8) with a monomer represented by (9); **or**
  - (d) modified cellulose in which an ultraviolet absorbent structure bonds directly or through a spacer to a hydroxy group of cellulose or its derivative.
4. Applicants are required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

5. **NOTE**: Applicants are further required to elect the species in dependent claims 2-23 accordingly to the elected species in claim 1 as required above.

6. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
